Single port modem
4 Download the HomePass by Plume® app

Download on the App Store

GET IT ON Google Play

Sign in to the app using the email and password that you set up during the order process

Congratulations! Now you're ready to take control of your internet!

See the Getting Started Guide for more information

POD PLACEMENT TIPS

Every house is different so the placement of your pod is important.

Here are a few tips to enhance your Wi-Fi coverage:

1 Be sure to place your pod on an inside wall to get the best experience

2 Avoid placing pod behind obstructions like furniture and appliances

3 Place pod in an outlet that is not controlled by a switch

4 Turn off additional Wi-Fi networks to avoid interference
